2015 Major Thoroughfare and Freeway Plan (MTFP) Amendments

Frequently Asked Questions

Q What is a Major Thoroughfare and Freeway Plan (MTFP) Amendment?

A The City of Houston's MTFP was first adopted by City Council in 1942. It is a long range plan that provides for a system of thoroughfares and collectors to support overall mobility. It does not deal with timing of right-of-way acquisition or road construction. The Plan is updated through an annual amendment process. Amendments generally delete, add or modify a portion of a planned Thoroughfare or Collector. Streets such as Hillcroft Avenue, Kirby Drive, and FM 2100 are examples of planned Major Thoroughfares that have matured over the years. The Plan will continue to be modified in order to meet Houston's growing transportation needs.

Q What is an alternative?

A When the City receives an application to amend the MTFP, staff evaluates the proposed request and studies the adjoining area's major roadway network. The Planning Department (P&D) may identify and evaluate other options in the area, other than the one submitted by the applicant. Such options will be presented as alternatives at the Open House so that all interested parties are aware of options being considered by P&D and Planning Commission.

Q I received a letter from the City. Why? What does this have to do with me?

A If you have received a notice in the mail from the City, it means that our records show you own property that may be impacted by a proposed amendment to the MTFP. Please read the enclosed report to learn more about the proposed amendment that may specifically impact you and your property.

Q My property is located in the County, not within the City limits. Why is the City dealing with issues in the County?

A The MTFP covers not just the major road network within the City limits, but also within the City's Extra Territorial Jurisdiction (ETJ). This allows transportation needs to be addressed on a regional basis.

Q I am concerned about a proposed amendment. What can I do?

Also, you can learn more about what will happen at the public hearing and how you can best express your concerns to the Planning Commission.

Q What is going to happen at the Public Hearing on July 31? (*see map on reverse*)

A The Planning Commission holds a Public Hearing to provide an opportunity for concerned citizens to make their views known publicly. Comments submitted by July 3, using the online comment form on the website (refer to instructions above to locate the link on the website), will also be taken into account by the Planning Commission in making a decision on amendment requests. Additionally, the Commission will weigh information provided by the P&D staff and other government agencies concerned about transportation in our region.

Q Who decides what to do?

A Four weeks after the Public Hearing, P&D will present its recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. Once an ordinance for the amendments has been adopted by City Council, a new MTFP will be published by the City and made available as a reference to other agencies and the public throughout the year.

PRELIMINARY REPORT

2015: E15 – *Cunningham Road (Jones Road)*

APPLICANT: Harris County Engineering Department

KEY MAP: 409

JURISDICTION: Harris County

LAMBERT: 4862

DISTRICT/PRECINCT:
Harris County Pct.: 4

PROPOSAL:

Harris County is requesting the realignment of Major Thoroughfare Cunningham Road, between West Little York Road and FM 529, from the Major Thoroughfare and Freeway Plan (MTFP).

APPLICANT'S JUSTIFICATION and HISTORY:

Harris County requests the realignment of Cunningham Road to extend south from existing Jones Road at FM 529 to line up with Cunningham Road south of West Little York Road. The original Cunningham Road alignment was created prior to the construction of existing Jones Road north of FM 529 by Harris County and the City of Jersey Village. This is inconsistent with the mapped alignment. A continuous Major Thoroughfare alignment provides the desired traffic operations and maintains the purpose of the MTFP.

The applicant states that in 2008, a platting applicant had submitted a plat called Oceaneering International, Inc. with 60-foot right-of-way (ROW) dedication for the existing Major Thoroughfare alignment location at FM 529. This was approved by Planning Commission in 2008 but never recorded at that time. A subsequent plat, also titled Oceaneering International, Inc. was resubmitted in 2013 requesting the same 60-foot ROW dedication. This was recorded in 2014 with the ROW dedication.

The applicant contends that if this amendment is not acted upon, there will be a misalignment of the Cunningham Road/Jones Road corridor, which is not the purpose of the MTFP. The applicant also states that ROW should be dedicated in locations where a road is practically going to be constructed. Other properties may plat and dedicate ROW along the current alignment which would serve no purpose since the intent is to align the corridors.

Cunningham Road first appeared on the MTFP in 1957 between Tanner Road and Louetta Road as a straight alignment. In 1966, there appeared to be a westward shift in the alignment to line up with Jones Road to the north. In 1976, a gap was created in the Cunningham Road/Jones Road alignment, excluding the alignment in the Jersey Village ETJ. In 2011, Jones Road was extended as a boulevard section from US 290 to FM 529 by a joint effort between Harris County and the City of Jersey Village. This was done to improve mobility in the area and to relieve congestion.
